CLINICAL TOXICOLOGY, 14(5), pp. 631-640 (1979)

Index to Volume 14*

A

Abbatiello, E. R., 401-406
Abdouch, L, 281-284
Acetaminophen, determination of plasma concentrations of, 151-155
poisoning, 507-513
Acetylcysteine, used in treatment of acetaminophen poisoning, 507-513
Adler, D. S., 147-150
Adrenergic poisoning by CNS stimulants, method of treatment for, 60-64
Air pollution, incidence of cancer in a community subject to by solvent vapors, 285-294
Alcohol content, of liquid oral medicinals, 407-432
Alkali burns to the eye, protocol for management of, 297-299
American Academy of Forensic Sciences (News), 479-480
Toxicology Section (News Item), 231
membership requirements in (News Item), 211-212
American Association of Poison Control Centers (News), 359; (News), 483
American Board of Forensic Toxicology, new diplomates (News Item), 213
ϵ-Amino caproic acid (EACA), acute delerious state as a side effect of, 93-95
Amitriptyline, cardiovascular toxicity of, 253-256
Amphetamines. See CNS stimulants; Stimulants
Analgesic-antipyretic drugs. See Acetaminophen
Analgesics, liquid medicinal, alcohol content of, 408-409
Animal feeds, effects on the environment of antibiotics in (Letter to Editor), 319-322
Antiarrhythmic drugs. See Disopyramide
Antiasthmatics, liquid medicinal, alcohol content of, 410-412
Antibiotics in animal feeds, effects of on the environment (Letter to Editor), 319-322

*This index contains the names of all contributors to Volume 14, 1979.

Anticonvulsants, liquid medicinal, alcohol content of, 412
Antidepressants, antipsychotics. See Antipsychotic agents
combinations, reference guide to, 549-550
compendium on, 545-574
MAO inhibitors. See MAO inhibitors
stimulants. See Stimulants
tricyclic. See Tricyclic antidepressants
See also Amitriptyline; Doxepin; Imipramine; Lithium carbonate
Antidiarrheals, liquid medicinal, alcohol content of, 412-413
Antihypertensive agents. See Clonidine
Antileprotic drugs. See Dapsone
Antimicrobials, liquid medicinal, alcohol content of, 413-415
Antineoplastic drugs. See Vincristine sulfate (VCR)
Antipsychotic agents, reference guide to, 551
See also Loxapine
Antispasmodics, liquid medicinal, alcohol content of, 415-416
Antivenim, used in management of pit viper snakebite, 516; 519; 525-529
Anorexic agents. See Fenfluramine
Antacids, liquid medicinal, alcohol content of, 409-410
Anthony, R. M., 445-457
Aronow, R., 539-544
Arsenic, embalming, 123-131
levels of in children living near a copper smelter, 389-399
[Arsenic]
poisoning, attempted homicide by, 575-577
Asbestos exposure (News), 607-618

B

Ballantyne, B. (Letter to Editor), 311-312
Benzidine-derived dyes, NIOSH report on (News), 339-352
Benzodiazepines, determination of in serum by electron-capture gas chromatographic procedure, 445-457
Bidani, A., 539-544
Blood, analysis of cyanide in (Letter to Editor), 307-309; 311-312
quantitation of morphine in using spectrofluorometry and gas chromatography-mass spectrometry (GS-MS) procedures, 169-180
rapid estimation of colchicine in by high-performance liquid-chromatography, 375-381
simultaneous determination of morphine and codeine in by select ion monitoring and deuterated internal standards, 161-168
Blum, I., 93-95
Brain, quantitation of morphine in using spectrofluorometry and gas chromatography-mass spectrometry (GS-MS) procedures, 169-180
Bronchodilators. See Theophylline
Broussard, L. A., 579-586
Brown, T. C. K., 253-256
Bullock, M., 47-53
Butch, A. J., 301-306

Byard, J. L., 187-193

C

California Association of Toxicologists, history and development of, 143-146
proceedings of, 143-203
Proficiency Testing Program of, 199-203
California Department of Food and Agriculture, report of on illnesses of persons due to exposure to pesticides and residues (News Item), 235-237
Cain, N. N., 545-574
Cain, R. M., 545-574
Cancer, and DDT (Editorial), 465-471
incidence of in a community subject to air pollution by solvent vapors, 285-294
magnitude of the problem (Editorial), 135-138
statement on OSHA's proposed Federal Cancer Policy (Editorial), 133-139
validity of testing for (Editorial), 135
Caplan, D. L., 107-114
Capurro, P. U., 285-294; (Editorial), 325-326
Carbamazepine poisoning, 263-269
Carbaryl, metabolism of by kidney, liver, and lung in human fetus, 489-498
Carbon monoxide, effects of chronic low doses of on fetal development in mice, 401-406
Carcinogenesis bioassay, of 1,2-dibromoethane (EDB) in rats and mice, DHEW report on (News), 473-478
[Carcinogenesis bioassay] of 1,2-dichloroethane (EDC), DHEW report on (News), 225-230
Carcinogenesis of paraquat, 27-28
Carcinogenicity of food and drugs (Letter to Editor), 323-324
Carcinogens, found in feed of laboratory animals (News), 485
statement on threshold levels of (Editorial), 133-135
Cardiac dysrhythmias, frequency of in patients with tricyclic antidepressant poisoning, 499-505
Cardiovascular/diuretic agents, liquid medicinal, alcohol content of, 416
Cardiovascular toxicity, comparison of of imipramine, amitriptyline, and doxepin, 253-256
Cardoni, A. A., 407-432
Carlton, B. E., 87-92
Charcoal for antidotal use in poisonings, comments on article about (Letter to Editor), 205-206
Charcoal, activated, used to increase elimination rate of dapsone, 83-84
Charles, R., 433-438
Children, arsenic levels in living near a copper smelter, 389-399
pain killer containing acetaminophen and codeine for (News), 487
small doses of clonidine as a danger to, 369-374
Chin, B. H., 489-498
Chlordane poisoning, mechanism and clinical treatment of, 190

Clean Air Act Amendments of 1977, House version (News Item), 215-224
Clement, J. F., 515-538
Clonidine poisoning, antidotes for, 271-275
of a child by a small dose, 369-374
CNS stimulants, chronology of, 64-67
psychopharmacology of, 57-59
results of 1977 analysis of (News), 620-624, 627-628
treatment plan for adrenergic poisoning by using propranolol, diazapam, and urine acidification, 55-69
Codeine and morphine, simultaneous determination of in blood by select ion monitoring and deuterated internal standards, 161-168
Colchicine, rapid estimation of plasma concentration of using high-performance liquid-chromatography, 375-381
Cold/allergy, liquid medicinals, alcohol content of, 417
Computers, online literature retrieval in poison control, 115-122
Comty, C. M., 47-53
Coronary vasodilators. See Verapamil
Cough preparations, liquid medicinal, alcohol content of, 417-423
Cravey, R. H., 195-198
Current Intelligence System (News), 339
Current literature on medical toxicology, collected bibliography of, 239-252; 327-336; 465-471
Czajka, P. A., 257-262
Dapsone (DDS) overdose, activated charcoal administration in, 83-84
clinical course and laboratory findings of, 79-85
Da Silva, O. A., 361-367
DDS. See Dapsone
DDT and cancer (Editorial), 461-463
de Castro, F. J., 295-300
Defoliants. See Paraquat
De Melo, R. A., 361-367
Dental products, liquid medicinal, alcohol content of, 423-424
DES. See Diethylstilbestrol
Desiccants. See Paraquat
De Zeeuw, R. A., 263-269
Dialysis. See Peritoneal dialysis
Dialysis patients (maintenance), pesticide levels in, 277-279
Diazepam (Valium), composition of injectable precipitate of using gas chromatography-mass spectrometry (GS-MS), 439-444
used in treatment of acute and chronic adrenergic poisoning crisis, 55-69
1,2-Dibromoethane (EDB), DHEW report on carcinogenesis bioassay of in rats and mice (News), 473-478
Diethylstilbestrol (DES), health effects of pregnancy use of (Letter to Editor), 313-318
Dillman, R. O., 507-513
Disopyramide, high-performance liquid-chromatographic method used to determine in serum, 579-586
Doxepin, cardiovascular toxicity of, 253-256
Drugs, basic, gas-liquid chromatography used to detect in urine, 587-593
Dyes, benzidine-derived, NIOSH

[Dyes]
report on (News), 339-352
Dusci, L. J., 587-593

E

EDB. See 1,2-Dibromoethane
EACA. See ϵ-Amino caproic acid
EDC, DHEW report on carcinogenesis bioassay of (News Item), 225-230
EKG monitoring, use of in management of tricyclic antidepressant poisoning, 499-505
Eldridge, J. M., 489-498
Electrolytes, liquid medicinal, alcohol content of, 424-425
Electron-capture gas chromatography, used to determine benzodiazepines in serum, 445-457
Elonen, E., 79-85
Emery, C., 161-168
Emesis, effect of temperature on concurrently administered fluid in onset of ipecac-induced, 281-284
Environmental constraints, on agriculture and industry (Editorial), 599-606
Environmental effects, of antibiotics in animal feeds (Letter to Editor), 319-322
Estrogens, synthetic. See Diethylstilbestrol
Excerpta Medica Computer System (EMCS), as a literature retrieval system for information on poisoning, 115-122
Eye contamination, by alkalis, protocol for management of, 297-299
by chemicals, protocol for
[Eye contamination]
management of, 296-300

F

Fazen, L., 107-114
Fenfluramine poisoning, pharmacology of, 103
signs and symptoms of, 98-102; 103-104
therapy for, 104
Fernando, P. R., 575-577
Fetus, human, metabolism of carbaryl by kidney, liver, and lung in, 489-498
Filho, J. P. J., 361-367
Finkle, B. S., 143-146
Folinic acid (FA), effects of on vincristine toxicity, 71-78
Forester, D. (Letter to Editor), 209-210
Frings, C. S., 579-586

G

Gas chromatography-mass spectrometry (GS-MS) procedures, comparison of with spectrofluorometry procedures in quantitating morphine in blood and brain, 169-180
composition of diazepam injectable precipitate using, 439-444
Gas-liquid chromatography, used to detect basic drugs and their metabolites in urine, 587-593
Gay, G. R., 55-69
Gimbrère, J. S. F., 263-269
Girard, D. E., 87-92
Glass, T. G. (Comment), 535-537
Greensher, J., 271-275
Griesemer, E. D., 383-388

Grush, D. C., 71-78

H

Hackett, L. P., 587-593
Haley, T. J., 1-46
Hallucinogens. See Phencyclidine (PCP); Pyrrolidine (PHP)
Halmekoski, J., 79-85
Hanenson, I. B., 301-306
Harrington, J. M., 389-399
Hematinics, liquid medicinal, alcohol content of, 425-426
Heroin addiction, outpatient detoxification of, 1969-1973, 141-142
Herrmann, P. W., 181-185
Hexachlorophene poisoning, ineffectiveness of peritoneal dialysis on, 257-262
Holt, S., 433-438
Hoogwerf, B., 47-53
Housworth, J., 389-399
Huber, J. W. III, 439-444
Huff, J. E. (Letter to Editor), 323-324

I

Imipramine, cardiovascular toxicity of, 253-256
Institute of Clinical Toxicology, 239-252; 327-336; 465-471
Ipecac, effect of temperature of concurrently administered fluid on onset of emesis, 281-284

J

Jaeger, R. W., 295-300
Jarvie, D., 375-381
Joiner, L. E., 383-388
Jukes, T. H., 133-139; (Letter to Editor), 319-322; (Editorial), 461-463

K

Kay, K. (Letter to Editor), 207
Kelly, R. C., 445-457
Keränen, A., 369-374
Kern, J., 47-53
Kidney, metabolism of carbaryl by in human fetus, 489-498
Kim, H-S., 507-513
Kirkham, N., 433-438
Kobernick, M., 55-69
Krent, L., 445-457
Krieuke, E. G., 97-106
Kuo, M., 161-168

L

Landrigan, P. J., 389-399
Land use, proposal for (Editorial), 325-326
Lawrence, F., 141-142
Lawton, R. L., 277-279
Laxatives, liquid medicinal, alcohol content of, 426
Leversha, A., 253-256
Liquid-chromatography, high-performance, rapid estimation of plasma concentration of colchicine by 375-381
used to determine disopyramide in serum, 579-586
Liquid medicinals, miscellaneous, alcohol content of, 432
See also individual medicinals
Lithium carbonate, reference guide to, 567-573
Liver, metabolism of carbaryl by in human fetus, 489-498
Lovejoy, F. H., 107-114
Loxapine overdose deaths, 181-185
Loxoscelism (brown recluse spider bites), review of literature on (News), 353-358

Lung, metabolism of carbaryl by in human fetus, 489-498
Lymphomas, incidence of in a community subject to air pollution by solvent vapors, 285-294

M

Manoguerra, A. S., 151-155
MAO inhibitors, reference guide to, 557-563
Marijuana, acute myocardial infarction by smoking of, 433-438
results of 1977 analysis of use of (News), 620; 622-627
Massachusetts Poison Control System, 109-113
Mattila, M. J., 79-85
Medema, J. (Letter to Editor), 205-206
Mice, effects of chronic low doses of carbon monoxide on fetal development in, 401-406
Miceli, J. N., 539-544
Millar, J. D. (News), 339-352
Mofenson, H. C., 271-275
Mohrmann, K., 401-406
Morgan, S. K., 71-78
Morphine, quantitation of in blood and brain using spectrofluorometry and gas chromatography-mass spectrometry (GS-MS) procedures, 169-180
Morphine and codeine, simultaneous determination of in blood by select ion monitoring and deuterated internal standards, 161-168
Morse, D. L., 389-399
Munn, D., 281-284
Mutagenesis of paraquat, 27-28
Myocardial infarction, by marijuana smoking, 433-438

N

Nakamura, G. R., 383-388
National Institute for Occupational Safety and Health (NIOSH), report on benzidine-derived dyes (News), 339-352
National Organization for the Reform of Marijuana Laws (NORML) (Letter to Editor), 595-597
National Pesticide Telecommunications Network (Letter to Editor), 459
Nelson, E. D., 301-306
Neuvonen, P. J., 79-85; 369-374
NIOSH. See National Institute for Occupational Safety and Health
Noguchi, T. T., 383-388

O

Opiate drugs, results of 1977 analysis of, 620; 629-630
OSHA, statement on proposed Federal Cancer Policy of (Editorial), 133-139
Overdose, psychiatric drug, 546-547

P

Paraquat, biotransformation and tissue distribution of, 7-10
carcinogenesis of, 27-28
chemical properties of, 3-5
industrial hygiene of, 10
mutagenesis of, 27-28
poisoning, mechanism and clinical treatment of, 191
report of three fatal cases, 195-198
toxicology of, 11-27
Parathion poisoning, mechanism and clinical treatment of, 189-190

Park, J., 375-381
PCP treatment (Letter to Editor), 209-210
PCP. See Phencyclidine
Pearce, D., 161-168
Pentachlorophenol, mechanism and clinical treatment of, 190-191
Pentazocine tablets, pulmonary complications of injecting aqueous mixtures of among abusers, 301-306
Peritoneal dialysis, ineffectiveness of in hexachlorophene poisoning, 257-262
used to manage theophylline toxicity, 539-544
Pesticide poisoning in humans, mechanisms and clinical treatment of, 187-193
Pesticides, levels of in maintenance dialysis patients, 277-279
See also Chlordane; Paraquat; Parathion; Pentachlorophenol; Sodium arsenate
Petroni, N. C., 407-432
Phencyclidine (PCP), acute renal failure after high-dose ingestion of, 47-53
results of 1977 analysis of (News), 621-622; 629
Phenytoin, plasma concentration determinations of, 147-150
Philadelphia College of Pharmacy and Science (PCPS), toxicology program (News Item), 233-234
PHP. See Pyrrolidine
Pietrusko, R. G., 515-538
Plant poisoning, water hemlock, 87-92
Plasma concentration determinations, of acetaminophen, 151-155
of phenytoin, 147-150
of theophylline, 157-160
Poison Control Centers, 107-108
in Massachusetts, 109-113
online literature retrieval for, 115-122
protocol for management of eye contamination for, 295-300
See also American Association of Poison Control Centers; Massachusetts Poison Control System
Poisoning, online literature retrieval on, 115-122
Pregnancy, health effects of use of diethylstilbestrol during (Letter to Editor), 313-318
Propranolol (Inderal), used in treatment of acute adrenergic poisoning crisis, 55-69
Psychedelic drugs, results of 1977 analysis of (News), 620; 628-629
Pulmonary complication, of injecting aqueous mixtures of pentazocine and tripelennamine tablets among abusers, 301-306
Pyrrolidine (PHP), post mortem determination of in blood and liver, 383-388

R

Rappolt, R. T., 55-69; 141-142
Raymond, G. G., 439-444
Reed, D., 169-180
Renal failure, caused by high-dose phencyclidine ingestion, 43-57
in water hemlock poisoning, 87-92
Reynolds, P. C., 181-185
Richmond, J. D. (Letter to Editor), 313-318
Rost, K. M., 295-300
Rowland, T., 107-114

S

Sandifer, S. H. (Letter to Editor), 459
Science of "A. R. T.", 63
Scisearch, as a literature retrieval system for information on poisoning, 115-122
Sedatives/hypnotics, liquid medicinal, alcohol content of, 427
Sella, A., 93-95
Shaw, R. F., 143-146
Siegel, C. (News), 353-358
Sigell, L. T., 301-306
Smelters, copper, arsenic levels in children living near, 389-399
Snakebite, pit viper, comments on article on, 535-537
  complications of 515-516; 518-522
  medical management of, 516; 522-527
  reply to comments on article on, 537-538
Snow, C., 123-131
Sodium arsenate poisoning, mechanism and clinical treatment of, 188-189
Solvent vapors, incidence of cancer in a community subject to air pollution by, 285-294
Som, C. W., 181-185
Soman, M., 55-69
Spectrofluorometry procedures, comparison of with gas chromatography-mass spectrometry (GS-MS) procedures in quantitating morphine in blood and brain, 169-180
Spider bites, blown recluse (loxoscelism), review of literature on, 353-358
Spiehler, V. R., 143-203
Spigel, R. W., 281-284
Stimulants, liquid medicinal, alcohol content of, 427-428
  reference guide to, 563-566
  See also CNS stimulants
Street drugs, results of Pharm-Chem Research Foundation 1977 analysis of (News), 619-630
  See also CNS stimulants; Phencyclidine (PCP), Pyrrolidine (PHP)
Stewart, D. M., 507-513
Stewart, K., 507-513
Stewart, M. J., 375-381
Stroup, K. (Letter to Editor), 595-597
Sullivan, L. J., 489-498
Sunshine, I., 445-457

T

Talc, as causative factor in pulmonary complications from pentazocine and tripelennamine tablet injections, 301-306
Tallant, M. J., 489-498
Teratogenesis of paraquat, 27-28
Theophylline, plasma concentration determinations of, 157-160
  toxicity, peritoneal dialysis in management of, 539-544
Thompson, W. L., 445-457
Toxicology programs (News Item), 233-234
Toxline, as a literature retrieval system for information on poisoning, 115-122
Trammell, H. L. (Letter to Editor), 459
Tranquilizers, liquid medicinal, alcohol content of, 428

Tricyclic antidepressant poisoning, frequency of cardiac dysrhythmias in patients with, 499-505
use of EKG monitoring in management of, 499-505
reference guide to, 548-549; 552-557
Tripelennamine tablets, pulmonary complications of injecting aqueous mixtures of among abusers, 301-306
Tufts, E., 87-92

U

Upton, A. C. (News), 339-352
Urine acidification, used in treatment of acute and chronic adrenergic poisoning crisis, 55-69
U.S. Department of Health, Education and Welfare, 225-230

V

Van Der Kleijn, E., 263-269
Verapamil, action mechanism of, 363-365
acute self-poisoning by, 361-367
Vesey, C. J. (Letter to Editor), 307-309
Valium. See Diazepam
Vilska, J., 369-374
Vincristine sulfate (VCR) overdose, effects of folinic acid on toxicity in, 71-78
Vitamins/minerals, liquid medicinal, alcohol content of, 428-431
Von Muhlendahl, K. E., 97-106

W

Walberg, C. B., 199-203
Wasserman, G. S. (News), 353-358
Water hemlock poisoning, renal failure in, 87-92
Weibert, R., 157-160
Weiss, T. E., 271-275
Westenberg, H. G. M., 263-269
White-Stevens, R. (Editorial), 599-606
Wiersema, S., 161-168
Woodhead, R., 499-505
Wysenbeek, A. J., 93-95
